## About me

B.Tech ('27) candidate with a minor in AI/ML from IIT Guwahati, combining strong technical skills with a business-oriented mindset through a concurrent BBA from Jain University. Experience in front-end development at Real Bits, focused on creating user-friendly interfaces and secure authentication processes. Passionate about applying machine learning techniques to solve real-world business challenges. Seeking opportunities to leverage technical skills and business acumen in a role that fosters innovation and growth.

## Experience

### Frontend Internship

Real Bits                                                          Jan 2024 - Present

- Developed user-friendly front-end features for the company website, enhancing user experience.
- Assisted in implementing secure user authentication processes for a seamless login experience.
- Conducted testing and debugging of front-end components to ensure cross-browser functionality.

### BlockChain Project                          Feb 2024 - Present

- Blockchain-based inventory tracking: Highlights blockchain experience.
- ML-driven demand forecasting: Showcases ML skills in supply chain.
- Optimized routing with ML analytics: Emphasizes ML for real-time decisions.

### Ignite: Entrepreneurship Club              Jan 2024- Present

Vice - President

- Spearheaded initiatives to resolve operational inefficiencies within the Entrepreneurship Club, directly impacting productivity and overall performance.
- Successfully recruited, managed, and mentored senior staff, fostering a results-driven environment and enhancing the club's ability to achieve its goals.

### Entrepreneurial Venture                    Jan 2024 - Jan 2025

HMN - Hire Me Now!

- Created an intermediary platform connecting freelancers and clients, streamlining transactions within the gig economy.
- Providing work to freelancers across the globe

### Campus Job                                 Aug 2024 - Present

Woxsen University

- Proactively managed event logistics, coordinating schedules and resources to ensure smooth and successful event execution.
- Cultivated strong working relationships with faculty, students, and external partners to enhance event quality and broaden audience reach.
